Dear Peter,

I have been asked by the Glidden Sanitary District to respond to your letter dated September 5, 2002.

- 1) Number 3 from last year was responded to by myself on July 31, 2001 to Elaine Engelke. The last rate increase was in two phases. Phase I went into effect on April 1, 1997 and raised the Public Fire Protection charge to \$8557. Phase II of the rate increase went into effect on April 1, 1998 which raised the charge to \$12085. She responded by stating the District was to notify the PSC when Phase II went into effect. I told Agnes Beil she needed to let the commission know that Phase II rates are in effect and that they started on April 1, 1998. With that, the adjustment for Public Fire Protection was moot per Ms. Engelke. Based on her response we did not make the journal entry which was requested by the PSC. If Agnes did not let the commission know that Phase II rates are in effect please consider this response as notification they are in effect if that is possible.
- 2) The Utility installed the new service and charged the customer \$250 to do so.
- 3) The Utility employees are not covered by any employee pension or benefits. The commission members, clerk, treasurer and meter readers are part time and as such are not covered by benefits.

I trust this answers your questions for 2001 and if you have any other questions please let me know.

Sincerely,

September 5, 2002

Ms. Agnes Beil, Clerk Glidden Sanitary District P.O. Box 18 Glidden, WI 54527-0018

2001 Analytical Review DWCCA-2280-PJL

Dear Ms. Beil:

FINANCIAL SECTION FOOTNOTES

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2001 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issues:

- 1. In item number 3 of our letter dated July 23, 2001, we instructed that the utility adjust Account 463 in the 2001 annual report for Public Fire Protection overcharged in previous years. However, we do not see that adjustment reported on line 4 of page W-4. Please explain.
- 2. As directed in the headnote to page W-16, please explain how the service reported as added in 2001 was financed.
- 3. Please explain why there are no dollars reported in Account 686, Employees Pensions and Benefits on page W-5.

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.

We appreciate your cooperation in providing the above information. If you have any questions, please feel free to contact me at (608) 267-9198. Please respond within 30 days of this letter. We prefer that you respond by e-mail if it is convenient for you to do so. My e-mail address is peter.leege@psc.state.wi.us. If we have no questions regarding your response, you can consider the review closed.

Sincerely,

Peter J. Leege Financial Specialist Division of Water, Compliance, and Consumer Affairs
